ini.itu is releasing a new vinyl LP, composed by **Jesus is my son**.

Jesus is my son is a project featuring solo guitar compositions by Grégory Duby. He has worked in the past as a member of K-Branding and is now active with Zoho, when not running his label FF HHH.

This project takes folk music to its minimalist extremes, resulting in the unfolding of very slow tones and harmonics, caught in a web of space and emptiness.

The LP features 6 tracks of peaceful and delicate meanderings, installing an autumnal and intimate ambiance. The mood oscillates between bittersweet, melancholic and wry, weary poles. Elegant, relaxed, this record reminds us of moments of tenderness and longing, as if brought back from an insular perspective.

This record will slow down your life.

The LP was mastered by Taylor Deupree
